QUARANTINE FOR 10 DAYS.
Notify school principal and teacher to access virtual instruction. Class may quarantine following contact tracing. Student (and any other school-age unvaccinated household members) may return to school after 10 days **AND** no fever for at least 24 hours **AND** improvement of all other symptoms.

RETURN TO SCHOOL
Return to school following existing school illness protocol with a rapid test signed by your doctor or PCR test results.

QUARANTINE FOR 10 DAYS.
Notify school principal and teacher to access virtual instruction. Class may quarantine following contact tracing. Student (and any other school-age unvaccinated household members) may return to school after 10 days **AND** no fever for at least 24 hours **AND** improvement of all other symptoms.

WHAT IF YOUR COVID SYMPTOMS ARE DISCOVERED AT SCHOOL?

Child sent to quarantine room to be clinically assesed by health tech/nurse. Student health records reviewed.

School calls parent for consent to administer rapid antigen test. (If consent form for COVID screening tests is on file, then this qualifies as consent for rapid antigen test.)

If parent says **YES**

If parent says **NO** or parent unreachable

+ Positive antigen test

− Negative antigen test

Unvaccinated close contacts sent home to quarantine for 10 days. If entire class, teacher will instruct via Zoom for 10 days. (Individuals cannot test out of quarantine. PCR tests not required to return.)

Child likely sent home based on symptoms or other virus/infection. Classroom continues as normal.

Close contacts not quarantined UNTIL if and when a POSITIVE COVID TEST of ill student is confirmed.
